

## GTL bags Outstanding Contributor to Corporate Responsibility Award from Nokia-Siemens

GTL along with its acquired company ADA Cellworks Wireless Engineering Pvt. Ltd. has received the **"Outstanding Contributor to Corporate Responsibility"** award in the services category at the **Nokia Siemens Networks Supplier Innovation Awards 2008**, held in Singapore on June 26, 2008.

This award is an appreciation for GTL's good Corporate Social Responsible (CSR) practices that reflected in its objective to provide financial, physical and material support to those who are at disadvantage, especially from villages and rural areas, with a focus on education, medical, rural development and women empowerment issues. It also provides similar support to the segment of people who are differently abled. GTL's employees as "Positrons" actively participate, to ensure the success of CSR projects.
